Guardian F Flat Fingerprint Scanner

Identity verification is a must in today's real world scenario. In order to enhance the security program, Guardian systems is the way to do so..

Biometric screening and identity solutions are critical components of today's security installations, making them a vital aspect of maintaining national safety.

The Guardian F Identification Flat system delivers the highest quality ten print image capture, and is FBI-certified for civil ID flats for applicants - no rolling required.

Based on technology currently used by the U.S. along with various countries in Europe, the Middle East and Africa (EMEA) to confirm the identies of visiting foreign nationals, Guardian F is a low-cost solution for definitive biometric-based identity verification.

Technica Data

Specifications	
Dimension	152 mm x 152 mm x 120 mm) (6 in x 6 in x 4.7 in)
Platen Size	81 mm x 76 mm (3.2 in x 3.0 in)
Weight	1.4 kg (3.2 lbs.)
Resolution	500 dpi
Operating Temperature	0°C to 50°C (32°F to 122°F)
Operating Humidity	10 % - 90 % non-condensing
Interface	USB 2.0
SDK	Essentials SDK 5.4 or higher
